Michael Wilmot, President of Wilmot Modular Structures receives 2011 Outstanding Achievement Award

Wilmot Modular Structures announced today that The Modular Building Institute (MBI) has honored Michael Wilmot with the 2011 Outstanding Achievement Award. The award was presented during the annual World of Modular event held this year in Las Vegas, Nevada.

MBI's Outstanding Achievement Award is given each year to one individual in honor of his or her exemplary contribution and service to the commercial modular buildings industry and, in particular, to the MBI. An award of gratitude and appreciation, it is the industry's most prestigious honor, and the highest award that MBI bestows upon a member.

Michael Wilmot is President of Wilmot Modular Structures, a mobile office and modular building dealer in White Marsh, Maryland. In business since 1989, it specializes in leasing and selling relocatable buildings in the Mid Atlantic area.
