

WILMOT

MODULAR STRUCTURES, INC.

Owner:

Boy Scouts of America
1929 Susquehanna Hall Road
Whiteford, MD 21160

Start Date:

2/15/2000

Completion Date:

4/25/2000

Boy Scouts of America
Use: Broadcreek Trading Post
Size: 28' x 50'

Features:

- *Horizontal vinyl siding – maintenance free
- *Energy efficient double insulated glass sliding windows
- *Residential steel doors
- *Scissor Roof with skylights
- *Ceiling Height – 15 feet

Background:

The Boy Scouts of America needed a building that could be built quickly for their Summer Camp. It had to have a rustic appearance yet allow for low maintenance. It was shipped with galvanized steel on a temporary roof to protect the interior from weather while a permanent scissor roof with skylights was constructed on site.

Days to Complete: 67
