Cowan Systems

Use: Corporate Center
Size: 10,000 SF

Background:

Cowan Systems needed to consolidate two operations into one central location. The floor plan provided flexibility to allow future expansion and efficient enough to accommodate three distinctly separate functions: 1) Executive Suites 2) Administrative Offices 3) Dispatch and Training Area. The combination of using a modular structure for time savings and incorporating a pleasing architectural design to the facility, Cowan created a facility with a professional image quickly and within their budget.

Features:

- *Exterior stucco finish
- *Architecturally designed entrance
- *Energy efficient doors, windows & fixtures
- *Roof-mounted HVAC
