

PROJECT PROFILE |

Custom Modular Office Space - Edward Jones Investments

USE: Investment Center

LOCATION: Exmore, VA

SIZE: 4,000 Sq Ft

Needs

Edward Jones required a first class looking building fast. It was important that the Edward Jones Investment building matched the colonial architectural design of the Eastern Shore.

Solution

- The interior layout and overall size of the building allows the owner to accommodate growth or tenant space.
- The project from design to final occupancy was done on a fast track schedule of 90 days.
- Site built hip roof and site installed brick exterior is complimented by colonial style columns.
- Low E glass windows and doors along with upgraded insulation makes the building easier to heat and cool.
- The appearance was developed to match the historic look of the surrounding area and to create a high end professional image.
